

Glen Park Association
General Meeting
July 26, 2018
Glen Canyon Recreation Center

1. Greenway Announcement

The next cleanup will happen August 11 from 9 a.m. to noon. We will be prepping the site for a shrub planting August 18.

2. Miguel Regrading Project

SFMTA and SFPW to present information to neighbors at a meeting July 31, 6:30 p.m.

3. Diamond/Bosworth Intersection

Britt Tanner, project manager for SFMTA

Traffic has increased dramatically at this intersection.

“This intersection is failing. It’s always going to be failing. How can we make it less bad?”

Agency is tinkering with the timing of the light to improve traffic flow. Presentation attached.

4. Sandra Zuniga of the SF Fix-It Team

Glen Park has been an enthusiastic partner

San Jose/Arlington stretch had its second successful clean-up

Neighborhood also has two ambassadors who are part of a city jobs program and are keeping our downtown clean. Please thank them!

Zuniga is working to get free solar-powered lights to people to improve nighttime safety in the neighborhood.

5. Patty Hayes

Worked with former Supervisor Jeff Sheehy to change city legislation to allow her family to keep the parking lot as a parking lot. Now they can fix it up and charge for parking.

Work should start in a couple of months. It will have somewhere between 19 and 22 spaces.

The city legislation has a six-year sunset clause. After that, they could develop the lot.

6. BART Director Bevan Dufty

BART is trying to work with the merchants association to make the BART property on Wilder into a community garden, at least temporarily.

The oft-discussed planters inside of BART remain a challenge, but the outdoor planters are an opportunity for the community and the agency to work together.

7. Newly elected District 8 Supervisor Rafael Mandelman

Introduced himself. His legislative aide is Erin Mundy, and she covers Glen Park, Diamond Heights and College Hill.

He wants to hear from constituents. His cell is 415-516-7761.
