Please email us at [outreach@fordgobike.com](mailto:outreach@fordgobike.com) to tell us your thoughts about the proposed station.

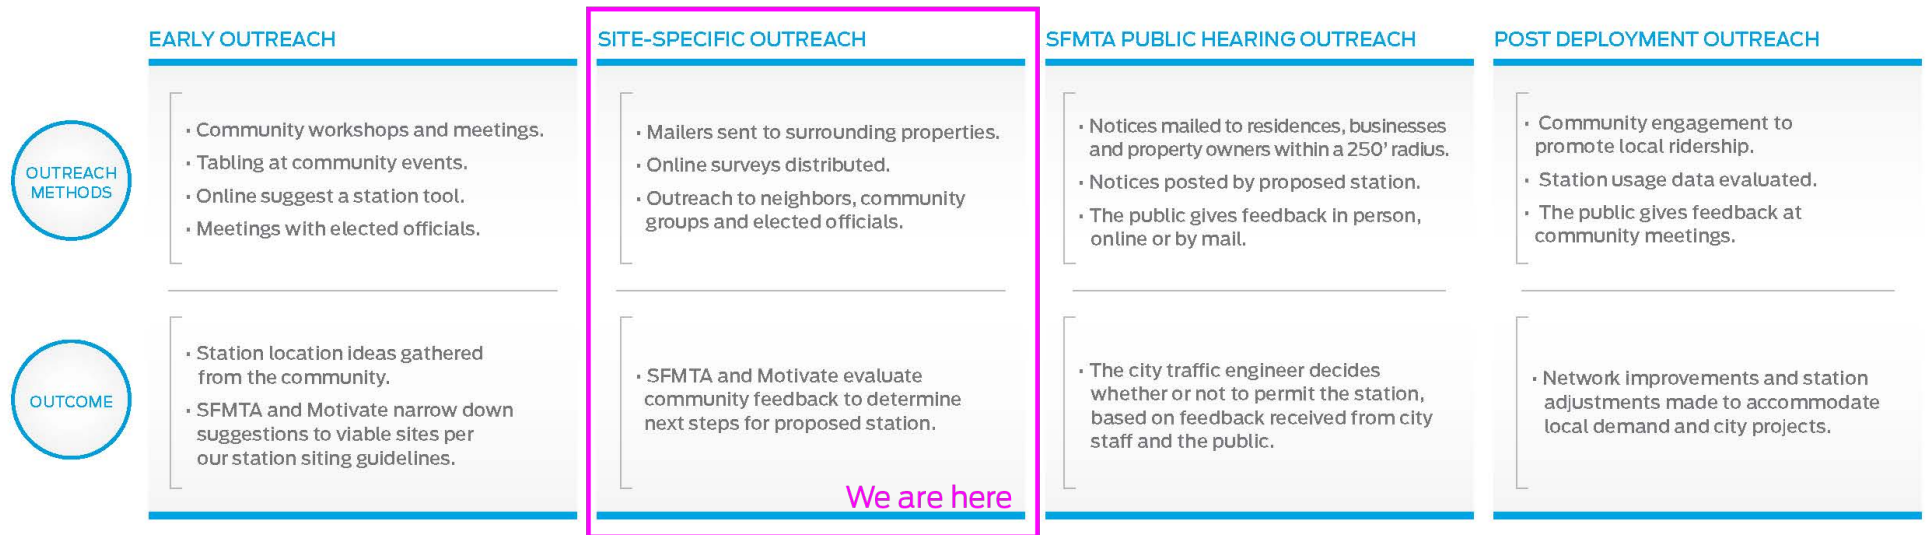

# About Ford GoBike

Bike share is a convenient, healthy, affordable and fun form of transportation. Bikes can be unlocked from one station and returned to any station in the network. Anyone over 18 can sign up and unlock a bike via the Ford GoBike App, the station kiosk or a linked Clipper card.

Take your first ride on us! Use promo code: **FREERIDE** when you sign up through the Ford GoBike App.

Neighbors and community members recommend station locations online and at public meetings, workshops and presentations. Our planning team also considers a variety of other factors, including station density, demand, access to bike lanes, sunlight, utilities and more. Learn more about how we find station locations at [fordgobike.com/expansion](http://fordgobike.com/expansion).
