Guest:
Sophie Constantinou

Sophie is applying for a PGE stewardship grant. She would like a letter of support from the Glen Park Association. Sophie has been instrumental in organizing work days, securing grants and liaising with the city to improve the Arlington Path, the greenery along San Jose Avenue, and the Arlington Triangle. (In addition to her work on the Bernal side.) This grant would continue those efforts by bringing in professional arborists and other specialized workers who can help us access the less accessible parts of the Bernal Cut.

Heather moves the Glen Park Association Board write a letter supporting Sophie's application for the PG&E Better Together Nature Positive Innovation Grant stewardship grant
